

FREEDOM

by Tim Oliver Lindberg

Intro

So, ughh!
So, ughh!

Chorus

1st Verse

Is this the price you really wanna pay?
Is this the way you'd like to live?
Cause you bow to the masters
With their fake green pastures
You'd better wake
From your brainwashed dream
Are you really free as been told?
Think you decide on your own?
They're wicked, demanding
Better do something
You shouldn't run
You'd better revolt

Ain't ya buying all the things they tell?
Sayin' ya: get injected again?
Enduring repetition is the criteria
Of this mind-rape by mass media
Ain't you're being spied on by state?
Ain't your money's losing worth each day?
They're wicked, demanding
Better do something
You shouldn't run
You'd better revolt

Bridge

What you, what you want from me?
Kill it, your wicked inner cop
Don't listen to tha crowd
What you, what you want from me?
Kill it, your wicked inner cop
Don't listen to tha crowd
What you, what you want from me?
Cut me loose, can't make no move
And find ya truth

Chorus

Freedom, freedom
Where's my freedom?
Freedom, freedom
Where's my freedom?
