### Intro

Oh, oh why, yeah oh, oh why, yeah

### 1<sup>st</sup> Verse

Their mass surveillance policy  
I put my fist right in it  
Like orwell's prophecy  
They spy, think all would give in  
Since 9/11  
They track us every day  
Bring non-privacy, state control, conformity  
Since 9/11  
I put my fist right in it like...  
I put my fist right...

### 2<sup>nd</sup> Verse

Their mass surveillance agencies  
They cut our civil rights  
Are not trustworthy  
Sniff men based on metadata  
Since 9/11  
They jailed lotsa proper people  
Got no court order  
They lie, kill, blackmail, torture  
Since 9/11  
I put my fist right in it like...  
I put my fist right...

### Chorus

Future seems lost  
Although I keep the faith  
Future seems lost  
Although I keep the faith  
Oh yeah  
It's up to me

### 3<sup>rd</sup> verse

Their present safety policy  
I put my fist right in it  
Like orwell's prophecy  
They spy, think all would give in  
Since 9/11  
They put up a new world order  
An inside job order?  
A new pearl harbor  
Since 9/11  
I put my fist right in it like...  
I put my fist right...

### Chorus

Future seems lost  
Although I keep the faith  
Future seems lost  
Although I keep the faith  
Oh yeah  
It's up to me

### B-Part

Prophecies hunt me down  
So i fight  
Prophecies hunt me down  
So i fight  
So i fight  
Prophecies hunt me down
