

# BORN A REBEL

**BORN A REBEL is a nu-metal band** based in Berlin, Germany. The four musicians combine political rap with hardrock and metal culminating in a sound that is influenced by bands like Rage against the machine and Limp Bizkit. Founded in late 2017 they started to create their own explosive and unique sound. Strong driving drumbeats mixed with fat basslines and punchy bright metal guitars create an ear popping blend of heavy hitting nu-metal music that will get you hooked and keep you coming back for more.

Through their politically charged lyrics the band openly moves against mass surveillance, state terror, greed driven warfare, capitalism, racism, social disparity and actively stands up for social equality, free speech, whistleblowers, civil rights and world peace. BORN A REBEL is a symbol of the unity of nations and their people. The band roots itself in multiculturalism with its members coming from all parts of the globe including Thailand, Australia, Lebanon, Greece and Germany.
